PROFILE

I have been a Chiropractor for 24 years. During that time, I have been a practicing clinician working in my own office, an Adjunct instructor at Life University, the President of the Gonstead Clinical Studies Society, an International lecturer on topics of case management and technique, and the host of two chiropractic podcasts. From this bevy of experiences, I have had the opportunity to see chiropractic from many different sides and to appreciate the uniqueness of each view.

WORK EXPERIENCE

2023-present

President/CEO

Fowler Chiropractic LLC

- Present 3 day seminars internationally, focusing on chiropractic case management and chiropractic technique.
- Provide monthly webinars to cover basics of chiropractic diagnosis
- Provide individual coaching for clients around the world to help them develop their unique skills and grow their business
- Provide mentorship and guidance for individual cases where the doctor is struggling to make progress
- Produce a weekly podcast-Thru the Chapters that covers the Gonstead textbook and White & Panjabi along with commentary to guide a biomechanics based approach to chiropractic

Adjunct Instructor

Life University

2020-present

- Lead instructor and lecturer for Gonstead Core Curriculum class as well as lab instructor and lab coordinator for all lab sections
- Lab instructor for X-ray Line Drawing and the Biomechanical assessment of full spine standing X-ray.
- Lab instructor for full-spine chiropractic technique
- Lab instructor for Palpation class
- Lab instructor for Research essentials classes

WORK EXPERIENCE

Chiropractor

Joseph J Day Chiropractic 2023-present

- Work as a Chiropractor seeing mostly Personal Injury cases related to Auto Accidents.
- Multiple Modality office to compliment the delivery of chiropractic
- Team collaboration between three different doctors with different specialties and training
- Produce treatment notes that can be used by attorneys to win cases in court and defend the value of the treatment we provide as well as, legitimize the patients complaints and objective injuries
- Case management of complicated cases involving severe injuries from high speed accidents

Director of Clinical Operations

Intero Chiropractic 2023-2024

- Created a 10 week chiropractic course to train all new chiropractic employees on how to get superior results
- Oversaw the development of each new doctor on a one-on-one basis as the transitioned from new employee to working under a senior doctor to taking responsibility for their own clinic
- Was responsible for seeing the complicated cases-referral from two previous doctors failing-and managing their long term care
- Responsible for 4 hours of doctor training every Tuesday for every doctor in the organization
- Performed skills assessment and critique of all doctors in the organization
- Assisted in the set up of new offices including table placement and Xray machine technique and parameters

Chiropractor

David A Fowler, Inc. 2001-2023

- Opened my own office as a sole proprietor and began seeing patients.
- Was responsible for all aspects of running the business and patient care
